Accessories & Preparation.

Fastening clips, screws, expansion clearances and finish touch-ups

FASTENING CLIPS / ZCLIP

Clips secure compatible profiles. The quote specifies the supplied fasteners and any additional quantities required.

1 clip	9 clips	15 clips
per 16 in.	per 12 ft. board	per 19 ft. board

Preparation guidelines. Luxor confirms clip quantities and spacing according to the profile and installation requirements. Follow the instructions for the selected system.

Additional clips available in bags of 200.

SCREWS, SPACING AND EXPANSION

Screws. Standard supply excludes screws. Confirm fastener type and supply options with Luxor for the substrate.

Spacing. Maintain specified clearances at ends, joints and openings. Confirm spacers and their compatibility before installation.

TOUCH-UP PENS / ZTOUCH

Use a compatible colour for small touch-ups. Allow approximately one pen per 5,000 sq. ft. Additional cuts and touch-ups may require more pens.

Refer to Luxor technical documentation and your quote for installation details, final quantities and included items.
